Reciprocity Requirements

Reciprocity is recognition of preparation or certification in another state as comparable to Rhode Island. Applicants seeking certification through reciprocity must demonstrate that they meet all Rhode Island certification assessment requirements, hold the additional required certificate and meet all experience requirements when applicable. Applicants can attain certification by completing a state approved program for Educator Certification in a state other than Rhode Island within the last 5 years OR by demonstrating that they hold a currently valid full certificate in another state.

¹ Full Certification in Rhode Island means a multi-year certificate that demonstrates the educator has met all Rhode Island requirements for certification in the three-tier certification system (Initial, Professional, or Advanced certification). Full Certification does not include Preliminary Certifications which require educators to meet additional requirements to attain full certifications. Full certifications in Rhode Island are comparable to National Association of State Directors of Teacher Education and Certification (NASDTEC) stage three or higher certificates and are recognized by other states for certificate reciprocity.
